	Y3	17	4									
	Y4	15	16									
	Y5	23	11									
	Y6	17	11									
- Objective 1: To continue work towards achieving the schools green flag award. - Objective 2: To ensure Eco-schools is embedded within the curriculum across all year groups. - Objective 3: To ensure Eco club focus' on raising awareness across the school of environmental issues.												RAG
Actions taken		Completed Date	Outcome WWW				Outcome EBI					
To increase staff awareness of environmental issues and ensure links to environmental issues and sustainability within and across the school curriculum.			MS to work with subject leaders and phase leaders to ensure that environmental issues and sustainability is embedded in the curriculum throughout the school.									

AVENUE PRIMARY SCHOOL ACTION PLAN 2021 -22

GENERAL – All Eco Topics. To increase pupil voice and participation across the school in tackling environmental issues. GENERAL - All Eco Topics.		All classes to elect 2 Eco monitors to complete the Eco checklist and ensure the school 'Eco Code' is displayed in every classroom and the class 'Energy Pledge' is completed and displayed.	
		To continue to encourage 'pupil voice' through Eco Schools campaigns across the school.	
	Autumn 2021	Children from across the school to form an Eco-committee where they can work together to monitor eco targets across the school and establish a pupil voice into decisions surrounding Eco-schools.	MS and SP worked together to get a small group of children together to form the Eco-Committee. They will meet every other Wednesday afternoon.
To increase children's knowledge of the importance of Biodiversity for the environment. BIODIVERSITY: Eco Topic.		All Year 5 and 6 children to gain an increased knowledge, understanding and vocabulary of biodiversity issues through their English topic 'Emily's Bees' and Science topic 'Classification'.	
		Eco committee to plant a pollinating garden where they can monitor the numbers of pollinators in the area before and after planting.	
To increase pupils understanding on the impact we have on the oceans, seas, rivers and lakes. MARINE: Eco Topic		Use of the whole school book 'Rhythm of Rain' to discuss how humans use the water systems and the negative impact this has on Marine life.	
		Year 1 and 2 to discuss waste in the oceans and over fishing as part of their pirates and materials topic. To reflect on how this can be limited.	

AVENUE PRIMARY SCHOOL ACTION PLAN 2021 -22

		Year 3 and 4 to look at the topic of rivers and discuss how waste dropped in cities ends up in the ocean.	
		Year 5 and 6 to spend a week looking at the Great Barrier Reef and environmental issues surrounding it.	
To ensure all pupils and staff have the opportunity to engage in activities which promote a healthy lifestyle. HEALTHY LIFESTYLE: Eco Topic		= 'Lunchbox Audit' extended to year 3 and 4 to inform improved decision making by pupils about healthy food choices.	
		To link to growing and cooking in the curriculum in the DT Action Plan and continue with theme lunches and our growing calendar.	
		A pupil tuckshop team to manage, market and run the 'Fantastic Fruity Avenue Tuckshop'.	
		Completing the remaining targets for our Gold 'Food For Life' Award.	
		Year 3 and 4 to complete work on nutrition. Thinking about what is needed to have a balanced diet and to understand the different food groups.	
To promote the benefits of walking/cycling to school for all pupils and to increase pupils knowledge of the resulting benefits to reduced levels of air pollution for a healthy lifestyle.	Autumn 2021	To complete a baseline survey and set targets for travel to school.	Baseline survey completed- walk to school to start Autumn 2
		Year 1 and 2 pupils to promote 'Cycle to School week' and reflect on the health benefits as well as the positive impact on pollution in our local community.	
		All classes to take part in our weekly 'Walk to school' project alongside the charity 'Living Streets'.	

AVENUE PRIMARY SCHOOL ACTION PLAN 2021 -22

TRANSPORT: Eco Topic.		To retain our 'Clean air award' and meet our target of 90% of children NOT arriving at the school gate in a car.	
		All Year 6 children to take part in 'Bikeability' training.	
		Whole school to take part in road safety week to consider different ways to travel to school safely.	
To reduce single use plastic at school and increase the number of items we recycle. WASTE: Eco Topic.		Continue our scheme to recycle crisp packets, plastic pens and waste from tuckshop wrappers.	
		To identify where possible ways across the school to reduce our waste to landfill and increase our recycling.	
		To continue to set an expectation that pupils and staff will use re-useable water bottles at school to reduce the use of single use plastic. Through newsletters, assemblies, pupil voice and adults modelling behaviour.	
		Year 2 children to increase their knowledge of different materials and recycling through their science topic of 'Materials'.	
To be more aware of the energy use within school and ways we can help reduce it. ENERGY: Eco Topic		To encourage the use of our subscription to Dynamat to follow the consumption of energy within the school.	
		Eco-committee to complete regular energy spot checks to monitor energy use in the classroom. Award given to the class which conserves the most energy each month.	
Overall Outcome :
